

Experience art and history

2024

The museums in Ittingen Charterhouse offer a wide range of activities for a broad audience to learn more about the place and its history, to engage with art or to be active themselves. The Classic Tours are aimed at guests who come to the Charterhouse for the first time. Those who already know the place choose a tour on one of the numerous special topics. And finally, there is hardly a wish that cannot be fulfilled. Exclusive or active in the museum are tailor-made programs that actively involve the public or let them become active themselves in the studio or in the outdoor space.

For those visiting Ittingen Charterhouse for the first time.
